VOL. 16 NEW HAZELTON, B. C., AUGUST 31, 1923 No. 9

The Political Complexities of Britain Reviewed by Visitor

The Rev. James Evans, formerly of Smithers, now western manager of the Dominion Chau-tauqua, was interviewed by the Omineca Herald concerning his recent visit to England for the purpose of bringing David Lloyd George to Canada under the auspices of the Dominion Chau-tauquas. In a visit with Sir John Davis he was informed that the ex-Premier had long contemplated an extended tour of Western Canada, but on account of heavy public responsibilities he had so far been unable to do so. At the particular time of Mr. Evans' visit there was a swift, ominous and unlooked-for change in the political situation of England, otherwise it was quite possible that Lloyd George would have accepted the contract offered him by the Dominion Chau-tauquas.

Asked concerning the political conditions of the United Kingdom, Mr. Evans stated that few people in the West quite understood them. The real reason for the rise of the Labor Party and also the Conservative majority in the last election was due to the split in the Liberal ranks and the realisation of many Liberals of the hopeless impossibility of either the Lloyd Georgian or Asquithian groups being strong enough to form a government. As a consequence, the more conservative Liberal voted straight Conservative and the extreme Liberal voted Labor. The present Conservative government, therefore, does not entirely represent the thought and wishes of the majority in England. It only shows that many seriously-minded Liberals had no choice but to vote Conservative, rather than to see the extreme laborites in power. When Lloyd George was in Edinburgh, delivering an electoral address before students of the Edinburgh University it looked as though the Conservative government was soon to be displaced. In one week-end, in supposedly safe conservative constituencies, no less than three by-elections went against the government, and Lloyd George made overtures to Asquith for a re-union of the liberal party, claiming it as indispensable for the good of the country. Asquith, however, refused, stating that a union of the party, so far as he was concerned, depended upon Lloyd George renouncing his claim to leadership.

It might be as well to make this point clear, that no government could possibly have succeeded any better than the Conservative government at that time. It was faced with three hopeless problems upon which

the feeling of the English people was divided into two equal parts. First: The Rent De-control Act. Property owners wanted the government to give them a free hand with regard to the renting of property. The majority of the people, who were non-property holders, wanted control of rents until such time as the housing problem was less acute. Second: There was the Turkish situation. When Bonar Law, in his first speech as prime minister, stated with regard to Turkey that if it meant war that we should certainly go to war, the London Daily Mail, speaking on behalf of a vast number of people, stated that it was time Bonar Law and the government realized that the English people would not go to war on behalf of the oil fields in Mesopotamia, proving again that it was fifty-fifty re the Conservative policy regarding Turkey and Mesopotamia.

Third: There was the situation in the Ruhr. The French had taken an extreme step and had commandeered the coal fields. Fifty per cent of the people felt that Bonar Law should support the French and fifty per cent, though in sympathy with France, realized how hopeless and how perilous it would be for Britain to back the French action. It will be admitted that even a Lloyd George could not possibly solve these three problems in a way that would gain for him the good wishes of the majority. In defence of Bonar Law this must be stated, that in face of fierce public opposition he played the part of a wise statesman by turning aside from the fervors of patriotism, and rigidly pursuing a policy which has since proved to be the only policy in so far as the economic salvation of Europe is concerned. It is an easier thing to back the French and listen to the pleas of unity among the Allies than to follow out a policy which only a few realized would mean an ultimate solution to the vexed question of reparations. France has since followed out her policy of exacting her pound of flesh and the remarkable thing is that she is today receiving less coal and is put to tremendous expenses in respect to the operation of the coal fields than she did before she occupied the Ruhr. The United States has now the supreme opportunity to play her part in European affairs. With her assistance the Bonar Law policy and that of Premier Baldwin will be followed out in Europe, and both Germany and France will be saved from the economic disruption which now threatens them.

Came Across Natural, Well-Stocked Park

While travelling through the country back of Rocher de Boule mountain prospecting Colin Munro and Charlie Ek discovered a natural park site which they estimate to be at least forty miles square. There is no agricultural land on it, but it is already well stocked with wild game, such as goat, bear, deer and cariboo. Ek says he counted thirty goats in one flock, and they were still coming. They saw a number of bear, a few deer and tracks of cariboo. The country is easy of access and a trail or wagon road could be put in at small cost. As for scenery, glaciers, etc., Munro says he has never seen anything to equal it, and he has travelled B.C. from one end to the other. There is one glacier there that would make two or three of the great glacier on the Naas.

OVERHEARD AROUND NEW HAZELTON

L. Hanson returned to town last week after spending several months at Dome mountain.

Miss Betty Bergman left Monday for Duncan, where she will resume her high school studies. While in Duncan she will make her home with Rev. and Mrs. Hewitt.

Young men and women should write for our handsome catalogue of Business Courses. Every graduate employed to date. Accommodation doubled for Fall classes. B. C. Commercial & Secretarial School, 709 Georgia St., Vancouver, B.C. The School that gets results. Individual courses. Residential arrangements made on request. 09

Mrs. C. H. Sawle entertained at bridge Tuesday afternoon, there being five tables. The prizes were won by Mrs. MacKay and Mrs. Barbeau. Mrs. Sawle was assisted by Mrs. Spooner, Miss Goddard and Miss Spooner.

Mrs. Aird left for her home in Pacific on Wednesday morning after visiting for a couple of weeks with Mrs. Peter Smith.

Mr. Starkey, a representative of J. F. Duthie, Seattle and Smithers, spent a few days here the first of the week.

W. S. Harris was in Cedarvale a couple of days this week and on Wednesday went east to Telkwa, where he was to join a mining man to visit the copper prospects at Owen Lake.

Austin Goodenough, Inspector for Hanson Lumber & Timber Co., was in town on Wednesday checking up poles for shipment.

Found Prospect of Easy Access From Kitwanga

Colin Munro and Charlie Ek returned to New Hazelton Tuesday morning after a three weeks' prospecting trip to the headwaters of the Kitsequecla and Copper rivers and they brought some fine-looking samples, which they have sent to the assayer. They found the ore in place and uncovered considerable vein matter. As far as they have gone they are well satisfied with the layout. In regard to the country they report that by going in from Kitwanga an excellent grade for a wagon road could be secured and the distance is not over twelve to fifteen miles. As soon as the returns from the assayer are secured the discoverers will decide upon their future course.

Special Flower Services

Special flower services will be held at St. Peter's Anglican church, Hazelton, on Sunday, September 2. There will be special music at both services. The children will sing special anthems. Miss C. Goddard and Miss I. Smith will sing solos. Everyone is cordially invited to attend.

Tournament Results

Matches played this week in the Hazelton Tennis Club tournament resulted as follows:

Ladies' singles.—Miss Grant won from Mrs. McCutcheon, 8-6.
Mixed doubles.—L. B. Winch and Mrs. McCutcheon won from W.A. Wattie and Miss L. Wattie, 7-5.

Mrs. S. H. Senkiel returned Sunday morning after visiting her brother at Ootsa Lake for a few days. She was accompanied home by her niece, Miss Guess.

Repairs and alterations to the old Anger building were started Wednesday by T. J. Marshall.

Denis Comeau, of Carnaby, has one of the best cucumber beds that has been raised hereabouts. The whole patch is a mass of succulent cucumbers of good shape and size, and Denis is somewhat at a loss to find a way to dispose of them.

Ore is reported to have been found at the old I.X.L. mine, Rossland, so rich that the railways refuse to handle it and it has to be shipped by automobile, well guarded.

Arthur Hankin, of 2nd Cabin, is visiting in town for a few days.

Western End Will Be Well Represented

A good many from the western end of the district will go to the Telkwa Barbecue. Some will go Saturday and some on Sunday and others will leave early Monday morning. The majority will travel by car. The roads are in good shape, the scenery is of the best and there are several excellent places for a picnic en route. The Barbecue committee is offering the best program they ever attempted and quite the best that has yet been offered in Northern B. C. The fun starts at 10 o'clock in the morning and there will be something doing every minute until the small hours of Tuesday. The only break will be between the broncho busting and the dance at night, and that time is needed for washing up. Besides the committee's program there are a number of side attractions. Programs for the day have been issued and can be had from the secretary or on the grounds next Monday.

Indians Returned

Most of the Indians have returned from the canneries on the lower Skeena, where they put in a very profitable summer. The natives all have money and the stores are beginning to assume old-time appearances. Many of the natives are paying old accounts, and others are replenishing their supplies. Several have even bought automobiles. It looks like a good winter for the native.

C.G.I.T. Active

The C.G.I.T. held their annual meeting on Thursday evening. Considerable business was transacted and a vote of thanks was extended to all who so willingly lent their assistance on Wednesday, Aug. 22, when the girls held their tea on Mrs. H. Harris' lawn. Mrs. Harris was received as a new member. After adjusting accounts incurred during camping, the girls decided to purchase a supply of C.G.I.T. literature and equipment. They will bank the remaining \$17.

Served Tea For Girls

On Wednesday the Girl Guides served afternoon tea to the six girls who are leaving the district to continue their schooling, Roby Anderson, Helen Grant, Mazel Cox, Ralphena Winch, Frances Reid and Beulah Lamontagne. The tables were prettily decorated and set out of the Mission House several times, but owing to heavy rains the tea had to be served in the Mission House.

Economize or Suffer

A statement issued by the Royal Bank of Canada places the annual cost of conducting the business of the Federal and Provincial Governments at \$53.90 for each man, woman and child in this country.

Even more alarming than the outlay for running expenses is the magnitude of Federal, Provincial and municipal indebtedness and the rapidity with which the same is growing. Figures recently given show that the net Federal indebtedness of Canada is around two and a half billion dollars, and that this debt has been considerably more than doubled since 1918. The statement issued by the Royal Bank places the aggregate funded Provincial debt of the nine provinces at close to \$600,000,000 more, and here, too, there has been a startling increase of late years. In Alberta and Manitoba indebtedness has been doubled in four years. In British Columbia it has been more than trebled. In Ontario there has been an increase from less than \$67,000,000 to nearly \$225,000,000 in funded indebtedness.

Municipal obligations have also reached startling proportions, ten Canadian cities having combined obligations of \$428,000,000. All of these cities save Vancouver have largely increased their indebtedness since 1919, the funded debt of Toronto alone having gone up from ninety to nearly one hundred and thirty-six and a half millions.

The conclusion of the author of the bank circular that "the fundamental need at present is a rigid policy of economy in expenditures" is irresistible. Disaster, individual and national, will be the inevitable penalty of ignoring the advice given.—Welland Telegraph and Tribune.

Propose a Wicked Tax

A tax on gasoline is one tax that should be opposed even to the point of pitched battle. In fact, any new tax should be bitterly opposed. Goodness knows gas costs now every cent that the article will bear and it pays taxes every time it changes hands already. The day for fool expenditures is gone. The public is already very rebellious over the enormous taxes being collected by every agency that the most fertile brains of the world can conceive. And to what purpose? Is there a government (Dominion, provincial or municipal) which is not yearly increasing its bonded debt? Every new tax not only increases the already-too-

heavy burden of the present generation, but seems to also lay up a greater burden for those to come after. Giving the tax-imposers every benefit of a doubt, it's rotten finance, and the public is over-fed on present lopsided ration.

Rev. Geo. Wilson, in Victoria, recently referred to an increasing lack of Sabbath observance in many towns in B. C. which he had visited recently. The same minister made similar remarks recently when on a visit to the north. Stability is the greatest asset of any organization, be it religious or commercial, and so long as the churches continue in an uproar with constant changes and campaigns for further changes, the Reverend Doctor should not look for the same loyalty to and confidence in the church.

One of the most important features of the convention of B. C. municipalities held in Rupert was the stand taken in protest to the large and increasing number of clubs throughout the province where liquor is sold. These clubs have the police buffaloed and in some places the police magistrates are advising municipalities to make the best of a bad job and charge a good stiff license fee for clubs until such time as the provincial liquor act is amended. Hon. A. M. Manson comes back with the statement that the Legislature is not responsible for the condition complained of.

Pacific

Fred Cook and Engineer Curtin went up to Smithers on Sunday. They made partial examinations of several Legate Creek properties and were much pleased with the results. They intend returning in a week or two.

Mrs. W. Aird returned Wednesday after spending a pleasant holiday at New Hazelton.

Mrs. P. O'Brien and family are visiting her mother, Mrs. Sam. Alger.

Tom Snell was in town Wednesday from Pitman, where he is busy getting out piling and poles.

Miss Mary Teeple is spending a few days at Terrace as the guest of Mrs. Marsh.

Bud Carley has completed his work on the Royal group and has gone to the Dryhill, Lorne Creek, where he intends driving a tunnel.

U. Paine, of Dorreen, was unfortunate in having his horse killed by a train this week.

Jack McCubbin is now residing in Los Angeles and enjoys better health since moving to California.

Angus Stewart passed through last week en route to Prince George to get some heavy machinery ready for large contracts that have been secured recently in other countries.

Notice to Contractors

Steel Highway Bridge Over Skeena Ri-
ver at Terrace, B.C., Prince Rupert
District. Substructure.

Sealed Tenders, superscribed "Tender
for Terrace Bridge Substructure," will
be received by the Honourable the Min-
ister of Public Works for the Province
of British Columbia at the Parliament
Buildings, Victoria, B.C., up to twelve
o'clock noon, standard time, on Satur-
day, the First day of September, 1923,
for the substructure of a Highway
Bridge over the Skeena River at Ter-
race, B.C.

Plans, specifications, contract and
form of tender may be seen on and
after the twentieth day of August,
1923, at the Department of Public
Works, Prince Rupert; Victoria, and
Vancouver, or the above may be ob-
tained upon application to the Depart-
ment of Public Works, Victoria, on and
after the above-mentioned date upon
payment of fifteen dollars, which amount
will be refunded when the plans are
returned in good order.

Each tender must be accompanied by
an accepted cheque on a chartered bank
of Canada made payable to the Honour-
able the Minister of Public Works for
the sum of five thousand dollars (\$5,-
000.00), which shall be forfeited if the
tenderer declines to enter into contract
when called upon to do so, or if he fails
to complete the work contracted for.
The cheques of unsuccessful bidders
will be returned to them upon execution
of the contract.

Tenders must be made out on the
form supplied and signed with the
actual signature of the tenderer.

The lowest or any tender not neces-
sarily accepted.

P. PHILIP,
Public Works Engineer.
The Department of Public Works,
Parliament Buildings,
Victoria, B.C.

August 16, 1923.
The time for receiving tenders for
the above has been extended to noon on
Thursday, Sept. 6, 1923.

Notice to Contractors

TELKWA TALES

News from the Hub of Bulkley
Valley

Telkwa public school will open
on Tuesday with Mrs. Wheeler
as principal. Miss Thompson has
been re-engaged as assistant.

A. Gaul, a mining engineer,
visited the Emerald Lake district
and returned. He is connected
with the Duthie interests.

Rev. and Mrs. J. S. Brayfield
returned on Thursday morning
from a vacation visit to the south.

Great success attended the
dance given by the Boy Scouts on
Friday night, and a good crowd,
which included a number from
Smithers, had a highly enjoyable
time.

Harry Howson, Alex. Chisholm
and Hugh McLean are visiting
the Copper Crown property on
Grouse mountain, as well as the
workings of Louis Schorn and
Hugh McLean, who has done a
good deal of stripping and who
recently uncovered some fine cop-
per glance in the canyon.

Bert Ailport, accompanied by
J. Ball, came down from Topley
early in the week.

(Too late for last week)

Tommy Brewer and Tom Brandon
report having located some fine leads,
and Mrs. Brewer and family are soon
to make their home in Telkwa while
the boys develop their property.

Paddy Carr came down from the hill,
but made a quick return, taking O. A.
Reigle with him. It will not be con-
sidered "infra dig." to be needing a
haircut for the time being.

In spite of adverse weather condi-
tions, the local agrarians are managing
to get their harvesting done.

The Ladies' Aid of the Union Church
held a business meeting on Wednesday
afternoon, to discuss ways and means
of feeding the hungry crowd on Bar-
becue day. They are going into the
matter in a very businesslike way and
no-one need fear of being hungry.
There will be the usual barbecue, which
is a midday meal in itself, and these
hard-working ladies will see to it that
a substantial meal for a nominal sum
will be served later in the day.

At school opening there will be fifty-
two children to be accommodated at the
Telkwa school, and Secretary Bussinger
has been kept busy providing for and
equipping the extra school room.

J. Bussinger's sister and her two
children are guests at the Bussinger
residence.

Mrs. Wilmot arrived in town Thurs-
day and is the guest of Mr. and Mrs.
F. B. Chettleburgh, with whom Master
Wilmot has been spending his vacation.

Constable A. Thornthwaite has suffi-
ciently recovered from his accident to
be on duty again.

Angry Man and Gun

Jack Stanyer, an old-time resi-
dent of Francois Lake, lost his
temper some days ago when he
learned that Clyde Driskill, of
Danskin, had succeeded in mar-
rying Stanyer's daughter. Stan-
yer took the warpath with a gun
and after some excitement, end-
ing up with a full police guard
around Stanyer's house, the mad
man was taken prisoner and is
now waiting in the Smithers jail
until Judge Young holds county
court on Sept. 20. Stanyer will
be charged with shooting at police
officers to prevent them perform-
ing their lawful duties.

BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

HAS PRODUCED MINERALS VALUED AS FOLLOWS:—

Placer Gold	\$ 76,542,203
Lode Gold	109,647,661
Silver	59,814,266
Lead	51,810,891
Copper	170,723,242
Zinc	24,626,853
Coal and Coke	238,289,565
Building Stone, Brick, Cement	36,606,942
Miscellaneous Minerals	1,358,839

Making its mineral production to the end of 1922 show
AN AGGREGATE VALUE OF \$769,418,462

The striking progress of the mining industry in this prov-
ince is strikingly illustrated in the following figures, which
show the value of production for successive 5-year periods:

For all years to 1895, inclusive	\$ 94,547,241
For five years, 1896-1900	57,607,967
For five years, 1901-1905	96,507,968
For five years, 1906-1910	125,534,474
For five years, 1911-1915	142,072,603
For five years, 1916-1920	189,922,725
For the year 1921	23,066,641
For the year 1922	\$36,158,843

PRODUCTION DURING LAST TEN YEARS, \$339,280,940

Lode-mining has only been in progress about 33 years,
and not 20 per cent. of the Province has been even pros-
pected; 300,000 square miles of unexplored mineral bear-
ing lands are open for prospecting.

The mining laws of this Province are more liberal and
the fees lower than any other province in the Dominion,
or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal
fees. Absolute titles are obtained by developing such prop-
erties, security of which is guaranteed by crown grants.

Full information, together with mining reports and maps,
may be obtained gratis by addressing

The Honourable The Minister of Mines
VICTORIA, BRITISH COLUMBIA

LUMBERING
MINING
HORTICULTURE

Mrs. W. A. King and Miss King entertained numerous lady friends to afternoon tea Friday.

The Washington Nurseries have intimated their willingness to replace fruit trees from their stock which have not made good this year.

Giggey's new mill has now almost got into its stride and excellent work is being done.

After the re-grading of a considerable proportion of its length the road towards Kalum Lake is now in pretty fair condition. When the surface gets hardened down it will be still better. The old bridge at four-mile is the worst bit for a dozen miles.

Mrs. Finlay and her children, who have been staying with the Bruces, left for Rupert last week.

Willy West is busy clearing the logs off his uncleared land and is making good headway.

The work on the new bridge road has had to slacken down for a time owing to the shortage of the necessary stumping and blasting powder.

R. P. Wilmont, of Victoria, auditor to the Liquor Control Board, was in town last week, arriving here from Anyox.

Matt Allard was down from Rosswood on Friday.

The list of transfers in the local provincial police just announced makes no mention of any change for Cons. Mancor.

Mrs. Bruce went down to Rupert Wednesday. She is going to winter with her daughter, Mrs. C. H. Finlay.

Happy Owings was in town again Wednesday.

E. A. Blow, of Winnipeg, the editor of "The Last West", the C.N.R. publication, was in Terrace last week, having a look around his place here.

R. C. W. Lett, the immigration agent of the C.N.R. at Winnipeg, with Mrs. Lett, passed through on their way east on Monday.

R. L. McIntosh, Prince Rupert, came in on Thursday.

Angus Bruce went down to Rupert with his mother Wednesday. He purposes going to Anyox for some time.

Olof Hanson dropped off here on Friday on his return from Rupert.

Major Taylor, district engineer, was here on Saturday and looked over the work on the new road to the bridge.

A big party of Rupert people week-ended at Lakelse Lake.

C. R. Gilbert went to Rupert on Wednesday.

D. R. Shaw and D. W. Austin came in from Douglas creek on Tuesday.

Jack Garland, whose absence for a month led to fears for his safety, was discovered on his holding on Maroon mountain.

Tom Moore is hauling logs for Davis' mill in Lakelse Valley.

Owing to shortage of powder Arthur Carr has had to go slowly on the new road. A consignment for the F. I. helped out on Tuesday.

Kitwanga is sending a baseball team to meet the locals here on Monday. Play will begin at 2.30 p.m.

Mrs. Munro entertained her friends to afternoon tea Thursday.

At last Fred Bishop has got permission from the government department to erect the necessary poles for the installation of the electric light, and he is now at work getting the poles up. Just now Terrace promises to be a flood of light.

Capt. Colthursts' wife arrived on Friday on her return from the Old Country, bringing their children with her.

Several parties have had good success fishing in Deep Creek lately.

An interesting exhibit is on view in Jack Frost's forestry office. It is a charred piece of cedar and a card conveys the information that it was charred by lightning and started a forest fire. All other forest fires, adds the notice, are started by man's carelessness, and an appeal for care is added.

T. H. Walsh came in from Dorreen on Wednesday.

Ab Bedore is getting out poles in the Lala Valley.

Mrs. Murdock Smith was the successful competitor who won the table offered by Hatt Bros.

A. Yargeau was in town over the week-end.

Jock King has been released and is at present spending some time in Vancouver.

A large number of guests were present at Mrs. Marsh's reception on Wednesday afternoon, when a delightful afternoon was spent.

Mr. Fulton, of Prince Rupert, came up on Friday to visit Lakelse.

Terrace apples and plums are beginning to find a place on the market now. The crop this year is quite up to the average.

A Commercial Orchard

A.S. Gray, the Cedarvale apple king, paid a periodical visit to New Hazelton last week-end and brought along with him a box of Yellow Transparent apples for the editor. They were a very fine sample and besides being good to eat they make excellent pie and apple sauce. Mr. Gray reports an exceptionally good crop of apples this year. His orchard has reached the commercial stage and he is getting good returns.

A good representation from Hazelton will take in the Barbecue at Telkwa on Labor Day.

HUGE LOCOMOTIVES OF THE MIKADO TYPE ARRIVE FOR FALL GRAIN RUSH ON C.N.R.

New locomotives of the Mikado type for the movement of the 1923 grain crop over the Canadian National Railways have begun to reach the West. The new locomotives, which were built at Montreal, are of the latest type with all new improvements. They are 73 feet in length and weigh approximately 450,000 pounds with a drawbar pull equal to 5,500 tons. The engines, which are for freight use, are equipped with automatic stokers, Westinghouse air brakes and air reverse and have the new type of Worthington feeder, water heater and pump. One of the changes in the new engine is the cab design, all mountings being installed in a box outside of the cab instead of inside the cab as in former types.

Twenty-three of the new engines are coming West for the Manitoba division in time for the beginning of the grain movement and 22 are coming for the Saskatchewan division. An idea of the size of the new engines may be gathered from the fact that before starting out on a run they require 12 tons of coal and 8,300 gallons of water to complete their tender supplies. The new engines are all equipped with the Booster truck and ten of those to be delivered later will have Booster engines installed. These provide practically additional motive power on the tender and are of great value in starting heavy trains. The engines are being placed in service as quickly as they reach the Western divisions.

How much should be spent in newspaper advertising?

A questionnaire recently sent out to successful merchants of the east and middle west States by a prominent trade journal revealed that the following percentages were considered the minimum upon which advertising appropriation should be based:

General stores	-	4 1-2 per cent
Women's special	-	6 1-2 per cent
Shoe stores	-	5 per cent
Millinery stores	-	5 per cent
Music stores	-	5 1-2 per cent
Furniture stores	-	6 1-2 per cent
Electrical stores	-	7 per cent
Jewelry stores	-	6 1-2 per cent
Men's clothing	-	6 per cent

It is the opinion of these merchants that any business man whose appropriation falls below these percentages on his turnover is overlooking

Game Board Meeting

The Game Conservation Board will hold a meeting at Prince Rupert on September 13 and 14. The chairman, M.B. Jack, K.C., M.L.A., will be present and expresses the hope that those engaged in the fur industry will make an effort to attend and express their views. The meeting to which all sportsmen are cordially invited, will be an important one.

Mr. Schwartzler added four goats to his flock last Sunday after a trip to Carnaby, where he purchased the animals. They are of the milking strain.

Saving the Forests

Victoria, Aug. 30.—Hon. T. D. Pattullo, minister of lands, is thanking the general public for its co-operation in keeping down the loss from forest fires this season. Only two-fifths as many fires have been reported this year as there were last year up to the same date and whereas the cost of fighting fires in 1922 was \$343,000 up to August 17, the cost this year was cut to \$20,000. The minister points out, however, that this is the most dangerous season of the year and the same care, or even greater vigilance, must be exercised for another month if the splendid 1923 record is to be maintained.

Quick and Deep Creek

Miss McGregor is now visiting for a short time at home.

Mr. Hall has gone south and Mr. Sessions is in charge of the section gang at Quick.

The C.N.R. is slashing 400 feet back from the tracks at Quick as a fire precaution. A gang is now doing 50 acres.

Thursday evening brought the heaviest electrical thunder shower we have witnessed in many years. This is a very uncommon thing for this country, but the intense heat is also unusual. At Quick, along the river, there was a very heavy downpour, but on the whole only slight showers are noticeable.

Wakefield has finished cutting grain. Greene has started and will cut practically all grain now.

Ed. Mortimer recently butchered a seven-months-old, pail-fed calf which dressed 327 pounds.

We learn with sad hearts that the poor plasterers of New York only receive \$12 and \$14 per day. We suppose they even put in six or eight hours a day, too.

Venn Conn is now cutting forty acres of grain on Meadowbrook Farm, after which he has much to do at home.

If the rain will let up a bit there is some mighty fine grain now ready for the binder.

Acreage blocks of the finest fruit and garden land in the north can be had. Prices from \$28 to \$40 an acre with long term payments. See adv. on another page.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted immediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions, and surveying land.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 24, 1918. Taxes are remitted for 5 years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole or original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1923.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

HAZELTON NOTES

See J. R. Dungate's prices for
Fresh Vegetables in another col-
umn in this issue.

Mrs. Jaynes left on Thursday
morning for her home in Nanaimo
after spending the summer with
her sister, Mrs. W. W. Anderson.
She was accompanied by Miss
Roberta Anderson, who will re-
sume her high school studies.

Mrs. Cline and family have
been guests of Mr. and Mrs. W.
Little at Woodcock.

Indians and booze have been
mixing not too well and several
have appeared in police court and
paid the penalty. Some of the
whites, charged with supplying
the natives, have also appeared
in court.

Mr. and Mrs. W. Miller, of
Prince Rupert, will arrive on
Saturday morning and be guests
of Mr. and Mrs. Ed. Hyde.

Raymond J. Roark, of Madi-
son, Wis., and C. S. Gwynne, of
Syracuse, N.Y., were registered
at the Omineca Hotel this week
while making preparations for a
big game hunt on the upper
Skeena river. They will make
only a short trip.

Miss F. Fisher, connected with
the publicity department of the
C.N.R., spent a week in this dis-
trict, leaving on Wednesday for
the west.

A. E. Holland, of Washington,
D.C., a newspaper photographer,
spent a few days here securing
views of the greatest country he
ever saw.

Mrs. Mosher and Miss Marr, of
Houston, were guests at the Om-
ineca Hotel this week.

W. S. Day, of Vancouver, call-
ed on Wm. Grant this week.

Jas. Dean, an old-timer, but
for some months past foreman at
the Mamie mine on Hudson Bay
mountain, is visiting his old
friends here for a few days. He
reports the Mamie as just as
good as it ever was and no worse.
He will return there in a week
or so.

Miss Horbuay made a trip to
Prince Rupert this week.

Helen Grant and Mazel Cox
will attend high school at Smith-
ers during the fall term.

Miss Ralphena and Arthur
Wrinch will attend high school
at Vancouver during the next
term.

Frances Reid, who has been a
patient at the hospital for some
months, returned to her home in
Prince Rupert this week very
much improved in health.

Rev. Lees, of Smithers, spent
several days last week in the
Kispiox Valley.

Miss Jessop, of the Smithers
hospital, was a guest at the Ha-
zelton Hospital Thursday, making
the trip both ways by car.

Mrs. Chas. Reid, accompanied
by her mother, Mrs. Sharpe, ar-
rived from Smithers on Thurs-
day to spend a month or so with
Mrs. Sharpe.
